

June 2010

GRADUATION SERVICE Give thanks with us for a wonderful evening at the graduation service. Five students graduated with the three year Diploma in Theological and Pastoral Studies, one with the Certificate in Theological and Missionary Studies. In addition a further 18 part-time students graduated and nine students who had received university awards in the previous year were also recognised. The speaker, Dr Steve Brady, spoke powerfully to a packed congregation on the balance between continuity and change using the text of Chronicles 12:32 - "... men of Issachar, who understood the times and knew what Israel should do".
