

November 2010

EVANGELISM TEAMS went to Armagh, Grove (Belfast), Stonepark and Youghal this year to work with the churches. Below is a short snippet from each team leader's report and a fuller report will be given in the December Insight magazine.

ARMAGH With both Rachel Brown (now full-time with the Amazing Journey) and Peter Lawther (now full-time at the College) in our team, we were able to run both of the Amazing Journey presentations at the same time. This enabled us to present the gospel to approximately 1200 children during the course of the week. The welcome from the schools was extremely encouraging and the response from the children was very positive. (John Kimber)

GROVE During the week we spoke to many people on their own doorsteps telling them about the Lord, promoting Grove Baptist and the many activities that go on throughout the week in the local area. We used a questionnaire as an icebreaker.

The Church operates a café on Tuesday and Thursday mornings. This gave some team members an opportunity to stay in, and to share the Gospel with the regulars.

It was also very encouraging to see people who had been spoken to on the doors, earlier in the week, attend the café where further opportunities were taken to share God's word. (Stephen Walker)

STONEPARK It was a very busy week indeed with Pastor Dowds keeping us on our toes with an extensive and varied programme. A typical day saw the team working from 08:30-22:00. Church services, school assemblies, door to door visitation, open air street work and meetings every evening, gave ample opportunities for the team to make use of their gifts and talents. (Robert Millar)

YOUGHAL It is very difficult to express how well the team got on as we interacted with each other and the measure of unity experienced was outstanding. Everyone contributed wholeheartedly to the week and the fun and fellowship enjoyed by all was great. Every team member pulled their weight, (in fact, extra weight gained during the week due to delicious meals), and I personally enjoyed working alongside everyone and witnessing firsthand the gifts and abilities displayed throughout. During the course of the week the team was able to have conversations and share the gospel with a variety of people. People whose names and faces will no doubt be

etched on our hearts and minds for a many a week to come. (Stuart Argue)

PRAY

For the people contacted through the teams and for the follow-up by the local churches. Pray also that the impact of the week would continue to challenge and encourage the students.
